1. PRODUCT NAME

SMOKE BAFFLE system (draft curtain)

2. MANUFACTURER

Livers Bronze exclusively manufactures the SMOKE BAFFLE system as described on this sheet.

3. BASIC USE

Livers Bronze SMOKE BAFFLE system is a pre-engineered component based system, shipped to the jobsite ready to install.

LIMITATIONS: SMOKE BAFFLE system is only limited by the materials from which it is fabricated.

Pre-engineered system should be assembled using the components listed:

Extruded aluminum hanger.

½" or 3/8" clear tempered plate glass furnished by Livers Bronze for attaching to smoke baffle base.

FINISHES: A wide selection of colors and textures in powder coat is available for aluminum components. Colors are selected from manufacturers standard color charts.

4. TECHNICAL DATA

The SMOKE BAFFLE system is designed to meet the performance criteria as outlined in IBC 2012.

5. INSTALLATION

Livers Bronze SMOKE BAFFLE system must be attached with fasteners and to surfaces that are approved or selected by the manufacturer, and must be detailed on all shop drawings.

6. AVAILABILITY AND COST

AVAILABILITY: SMOKE BAFFLE system is subject to current delivery schedules. Each project must be reviewed before scheduling is available.

COST: Varies according to quantity and material. Further information may be obtained from Livers Bronze or one of its authorized representatives.

7. GUARANTEE

Livers Bronze warrants that its SMOKE BAFFLE system is of sound quality, conforming to standards as stated in part 4 hereof and is reasonably free of defects in material and workmanship. Inasmuch as Livers Bronze has no control over the installation of its products, no other warranty is expressed or implied. Livers Bronze does not warrant against glass breakage.

8. MAINTENANCE

The surface of Livers Bronze material can be kept clean by the use of ordinary soaps and mild cleansers. Abrasive cleaners should not be used.

9. TECHNICAL SERVICES

Technical services are rendered direct from Livers Bronze in Kansas City, Missouri.
