Livers Bronze Co.
4621 East 75th Terrace
Kansas City, MO 64132

Phone: (816) 300 2828
Fax: (816) 300 0864
e-mail: livers@liversbronze.com

3. BASIC USE

Livers Bronze Co. AZTEC system is a pre-engineered component based railing system, shipped to the jobsite ready to install.

LIMITATIONS: AZTEC railing system is only limited by the materials from which it is fabricated.

Pre-engineered railing should be assembled using the components listed:

42" high guardrail post of extruded aluminum. Spaced @ 5'-0" O.C. maximum.

42" high guardrail post of extruded aluminum with a 34" high side mounted handrail. Spaced @ 5'-0" O.C. maximum.

1 1/2" Diameter metal handrail in 304 stainless steel, Alloy #230 red brass, painted metal.

1/2" tempered glass infill furnished by Livers Bronze Co. for field attaching to post.

FINISHES: A wide selection of colors and textures in powder coat is available for post finishes. Colors are selected from manufacturers standard color charts. Standard circular satin and polished finishes are available for stainless steel and bronze railings. Anodized finishes are not available.
