

1. PRODUCT NAME

Handrailing system bearing the name FONTANA

2. MANUFACTURER

Livers Bronze Co. exclusively manufactures the handrail system as described on this sheet.

Livers Bronze Co.
4621 East 75th Terrace
Kansas City, MO 64132

Phone: (816) 300 2828
Fax: (816) 300 0864
e-mail: livers@liversbronze.com

3. BASIC USE: Livers Bronze Co. FONTANA system is a pre-engineered component based railing system, shipped to the jobsite ready to install.

LIMITATIONS: FONTANA railing system is only limited by the materials from which it is fabricated. For radius stair applications please consult Livers Bronze Co.

Pre-engineered railing should be assembled using the components listed:

FON8000 34" high 2" O.D. post for 42" high glass infill applications. Shall be painted cold rolled steel spaced at 4' - 0" O.C. maximum.

Assist rail: 1.5" round steel, stainless steel, aluminum or bronze.

3/8" clear tempered glass furnished by Livers Bronze Co. for attaching to FONTANA post.

Finishes: A wide selection of colors and textures in powder coat is available for posts. Colors are selected from manufacturers standard color charts. Standard circular grain satin and polished finishes are available for stainless steel and bronze railing. Anodized finishes are not available.

4. TECHNICAL DATA

The FONTANA railing system conforms to ADA and IBC regulations for openings and stress.

5. INSTALLATION

Livers Bronze Co. FONTANA railing system must be attached with fasteners and to surfaces that are approved or selected by the manufacturer and shall be detailed on all shop drawings.
